Combat Life Saver

Soldiers using a SKED to transport a casualty

In order to facilitate the 361st Combat Life Saver Course a group named Tactical Element came out to train everyone. With the always changing medical field soldiers got to

learn about the big changes in tactical medicine. Soldiers were also able to experience a more hands

Treating a casualty

on approach to CLS and even got to work with equipment some

had never seen before. On the final day of CLS soldiers were able to put everything they've learned to use by treating multiple casualties, transporting those casualties to a pick up site, and requesting a 9 Line MEDEVAC.

September Drill 17th & 18th

MOB Cancellation
Hardship memos are due complete and signed to SFC Fayette NLT COB Sunday.

Company/Detachment
PT will be conducted Sunday, ensure you bring a set of APFU or civilian equivalent for those without issue.

Interested in FRG?

To get our Family Readiness Group up and running again a few unit family members have already volunteered to take charge. This includes Stacy Pulikathara, Mrs.

Reese, and Mrs. McGuinn. If you have any family members interested in joining the FRG and would like to help get this started please let your FFL know so we can send a list

to Stacy Pulikathara as soon as possible.

Motor Pool

Ensure that all soldiers bring their state drivers licenses along with their accident avoidance certificate in order to make a copy for SSG Grant.

S-1 Comments

S-3 Comments

- PDHRA are now past due for **WELTER, MICHAEL-T, and BONATO**. These must be complete by COB Sunday
- Annual Training Plans and counseling will be completed for every soldier in the company. Leaders will be tasked on their individual requirements and provide a copy of the latest school quota tracker.
- The following soldiers were tasked with providing training during the upcoming BA and have yet to contact SFC Fayette confirming class readiness: **SPC BLACK, SSG TURNER, SSG RICHARDS, and SGT BOND**.

The following soldiers are currently coming up on the closure of 37F DL Phase 1 and will not leave the BA without the training complete:

STARTED, NOT FINISHED:

LOWE, WESTERN, SANDAGE, MICHAELS, PARKHOUSE, CURTISS, MANCUSO, and TAYLOR.

NOT EVEN STARTED YET:

KING, DELLINGER, JUELL, KUNA, BROADLAND, and BYERS.

S-4

Soldiers be sure to read the attached ASU Distribution Policy. Also be prepared to know what sizes you need when you are eligible to order your Army Service Uniform. If you have questions regarding the ASU Distribution Policy be sure to direct them through your CoC before contacting SGT Phillips.

12th POB crest design has a lot more meaning than most people know.. Mutatio Animi is Latin for "attitude change". The white, gray and black colors on the crest were chosen to display the three different types of PSYOP. The lamp of knowledge represents the use of information to influence the attitude and behavior of both friendly and enemy forces. The white disc symbolizes the organization, and the barbed cross, the arms simulating arrows, refers to all facets of psychological warfare. The gray disc and black arrows symbolize protection from covert psychological warfare against the organization.

Company PT Shirt Design

In order to help the unit FRG raise money we will be creating a company T-shirt that will be authorized for soldiers to wear in their PTs. If you would like to come up with a design for the back of the T-shirt please contact SPC Hoepner or send an email with a picture of the design you created. We hope to have a design picked and prototypes made by August drill so deploying soldiers can

order some before they go. Prices of the T-shirts will be determined once a design has been chosen.
